Program

CTF TEACHERS ARE ENCOURAGED TO ATTEND.

The best projects and challenges are often initiated and focused with strong Driving Questions. Driving questions are open ended, easily understandable and motivating to students. Crafting a great Driving Question can be tricky though!

In this webinar, you will:

- Explore examples and non-examples of Driving Questions to distill the elements of strong Driving Questions.
- Work in small groups to practice reframing questions, challenges and learning outcomes into Driving Questions.
- Work individually or in teams to craft Driving Questions that you can use in your classroom.

This learning opportunity is being offered through a grant from Alberta Education.

Presenters

Charity Allen

is a creative leader focused on innovation in education. She serves as President and CEO of PBLC, a consulting group empowering Deeper Learning. She has years of experience as a passionate educator, consultant, leadership coach, and professional development designer and facilitator. She is slightly fanatical about Deeper Learning and stays focused on empowering powerful teaching and learning through Project-Based Learning, gamification, STEAM and

more. The breadth of her consulting work has been vast: 7 countries and over 20 states, 3 provinces, 50 districts, and 100 schools.
