## Program

### TARGET AUDIENCE: ELEMENTARY TEACHERS ARE ENCOURAGED TO ATTEND

Competencies are combinations of knowledge, skills and attitudes that students develop and apply for successful learning, living, and working. They emphasize aspects of learning that apply within and across all subject areas. Alberta Education has identified 8 competencies which teachers are to promote the development of within their classrooms.

In school, competency rich experiences help students to develop and apply the skills they will require for future living and working. In every subject area, when we explore the relationship between Programs of Study and competencies, students develop strong skills and knowledge for learning, living, and their futures.

In this session, participants will:

- Explore the relationship between the Programs of Study they currently teach and Alberta Education's 8 competencies
- Evaluate their current inclusion of competencies in learning designs, classrooms routines, and procedures
- Create a personal plan of how they will use competency rich experiences in their programs

*This learning opportunity is being offered through curriculum implementation funding from Alberta Education.*

## Presenters

## Krystal Abrahamowicz

is currently the Coordinator of Inclusion for Foundations for the Future Charter Academy. With extensive background and training in gifted education, and many years of experience supporting diverse learners, Krystal is a passionate believer that every student can experience success at school. Krystal has extensive experience with adult professional learning, serving as the Executive Director for the Calgary Regional Consortium (CRC) from 2019 - 2022. During her time with the CRC, she authored the ***Supporting High School Completion a Tool Kit for Success*** resource and had a key role in developing the Implementation and Planning Tool in the Government of Alberta Resource ***Working Together to Support Mental Health in Alberta Schools***, as well as the ARPDC ***Weaving Ways*** resource which supports teachers in including Indigenous knowledge systems in their practice.
